

Flexible Funding powered by YouLend

Fuel your business growth

Getting funding doesn't have to be difficult

It's time to ditch those traditional business loans that require mountains of paperwork, credit checks and long lead times.

Grow on your own terms with an advance against your future credit and debit card sales with Flexible Funding powered by YouLend.

Accelerate your business with Flexible Funding

- ✓ **Quickly access funds:** Complete the brief online application and provide a small amount of additional information (if required) so our lending partners can verify your card sales and cash flow — and get funding in as little as 48 hours.*
- ✓ **No locked-in payments:** Unlike a traditional business loan, you won't be saddled with locked-in payments. Instead, they'll float as a fixed percentage — typically 10–20% of your monthly card-based sales — making repayment more business friendly.

Contact your sales rep to learn more about our Flexible Funding powered by YouLend.

- ✓ **Higher approval odds:** Because you're borrowing against your future card-based receipts and not your financial history, the likelihood of approval is very high.
- ✓ **Fewer restrictions:** Use the funds however you like for your business.
- ✓ **Less requirements:** Since the funding is secured by your future card sales, collateral isn't needed and a superior credit score isn't necessary to qualify.
